How important is it to maintain historic buildings and elements in the redevelopment?

610 responses

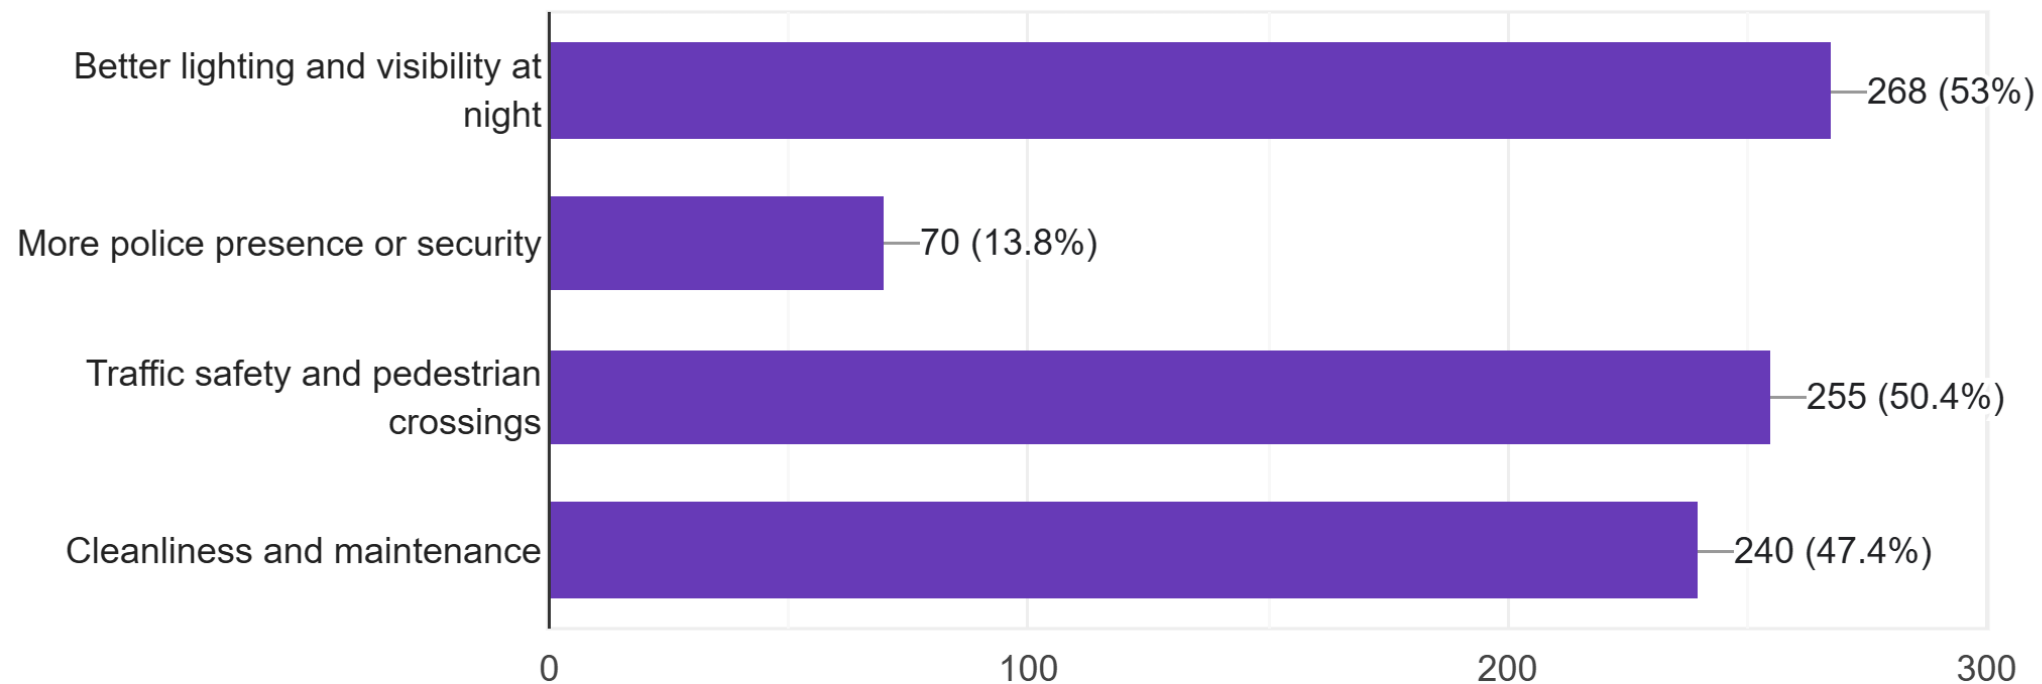

What family-friendly features should be prioritized?

505 responses

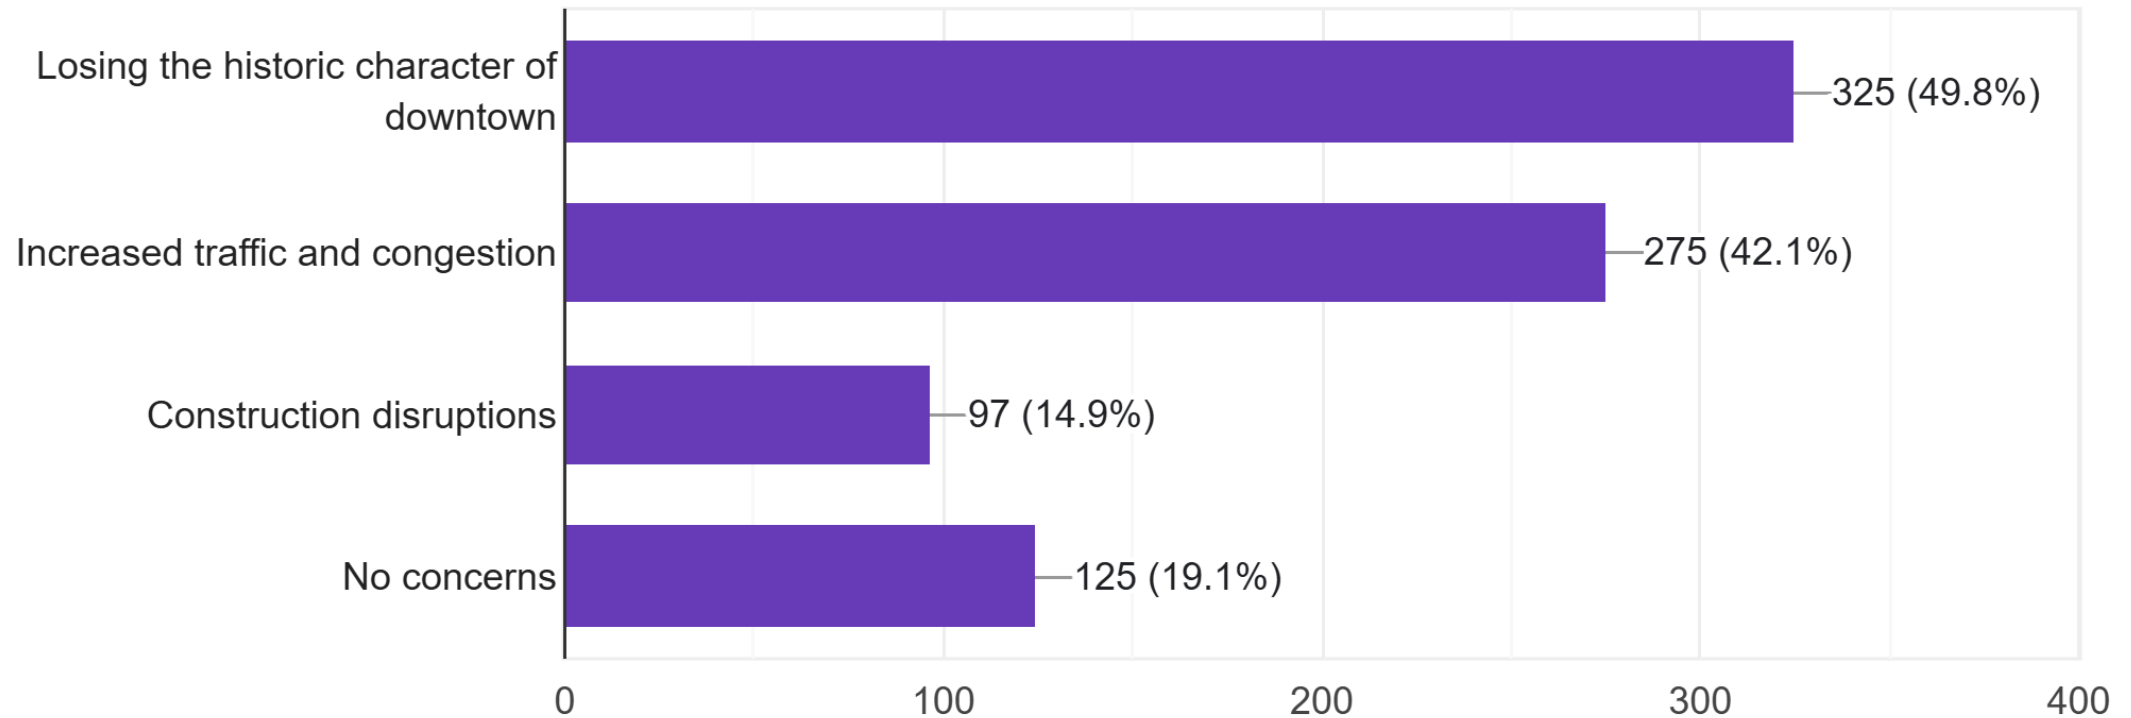

What is the biggest safety concern downtown?

506 responses

What is your biggest concern about the revitalization?

653 responses

Additional Comments

I would love to see pickleball courts

I think Auburn should follow what downtown Buford and Winder has done. Great restaurants (not Mexican... we have plenty of options for that cuisine) that offer brunch, and afternoon/evening entertainment. A blend of something that appeals to all ages

*It would be so great to have more options for getting lunch. I would also love more walking paths.

*Auburn has a great foundation, add a brewpub, coffee shop.

Please make sure we have pet friendly options and restaurants that allows dogs on the patio. Thank you

*Covered outdoor seating to get out of sun or rain to enjoy food /downtown events. (Ex. an open pavilion with seating similar to the pavilion at Mulberry Park on Fence Rd. but on smaller scale) Small veterans memorial (Ex. Plaque, flags, bench, etc)

*Splash pad for the kids!

*Parking and connecting neighborhoods should be a priority

Please make sure it is disability friendly. Some people can't walk long distances and we want to enjoy our lovely town too!

Auburn has so much charm and potential to be a fantastic location for locals and newcomers to the area. I feel that the biggest things missing from this town are walking/running/bike paths, coffee shop, and family friendly bars/restaurants.

Excited to see what's ahead for the city of Auburn!

Save the original courthouse brick building from 1700, save rock building. On historical district registry. Leave caboose intact.

Do not add or take away existing parks

We should not give up your history. Please keep as much of the original Auburn as we can.

I love Auburn and its activities and can't wait for it to grow

This project has the power to transform Auburn - it can be a destination where connection thrives. It's vital to create a space that provides a central hub for gathering, celebrating, and building relationships. This is more than just a development.

The plaque reading "Town of Auburn," placed by my grandfather Mayor Roy Parks in 1956, should remain where it is. Moving it would erase part of Auburn's history. If the DDA values historic charm, preserving this spot is a perfect start.

Looking forward to these exciting developments and we will be here to support it all!

Cannot wait to see new life being put into Auburn. The town is screaming for attention and an upgrade! Looking forward to spending more money in Auburn vs going to Braselton.

Please keep the small town feel People moved out here because of the way it is now. Yes, could use some places to eat ect. But remember why ppl moved out here now and not what it could become. All you'll do is make people move away.

Leave the caboose as it is

As of now, downtown Auburn is a ghost town. To shop, eat or drink, you have to drive to Braselton, Lawrenceville, etc. "Preserving" historic Auburn would just mean keeping it empty and lifeless. Any downtown revitalization has my support.

I think our biggest appeal is families. The historic is nice, but I want our town to be a place where events are easy to attend (free parking) but also beautiful and walkable and green, with opportunities for kids and a family friendly environment.
